CLEVER MEDICAL Booth 1123

Clever Medical introduces the first and only surgical cesarean section drape that allows immediate skin to skin contact with mom and baby without interrupting the sterile field. Initiation of skin to skin contact immediately after delivery is critical for promoting optimal well-being of both neonate and mother. This standard of care has been endorsed by both national and international childbirth experts and has become customary after routine vaginal delivery. However, skin to skin contact is not commonly initiated immediately after birth when a cesarean delivery is necessitated. Challenges and barriers to this standard of care in the operating suite have recently become a focus for improvement. This innovative surgical drape is designed for moms who are not afforded the opportunity to have a vaginal delivery can now have the same intimate experience in an operating room. 109 Quail ridge Road, Sanford FL 32771 United States <http://www.clevermedicalob.com>
